## ABOUT ME

Early on in my life, I realized that fashion is a way to express yourself and is a reflection of your personality. Style is unique to every individual, no matter their background, gender, and age. Fashion just does not discriminate!

I particularly enjoyed how samples would be developed start from a sketch ideal and I would love to see these garments being worn globally. Fashion truly became a passion of mine!

Becoming an Merchandiser has always been my passion, and I want to remain on this career path in the future. I would like to work on a variety of projects with a variety of teams in an atmosphere that encourages me to develop beyond this job description. I am looking for a position that will allow me to put my ability and expertise to good use while still allowing me to develop professionally and personally with the business.

## SKILLS

- English  
IELTS 6.0  
Advance in 4 skills : Writing/Speaking/Listening/Reading
- Microsoft Office  
Be proficient using Excel/PowerPoint/Word
- Others  
Have experiance working on ERP/PLM

## EDUCATION

- 2011-2015**  
HONG BANG INTERNATIONAL UNIVERSITY  
Major : Finance and Banking

## ABILITIES

\* **Cost Control**: negotiate with suppliers to purchase raw materials with the most competitive prices

\* **Materials quality assurance**: to be parallel with the price, ensure materials quality also meet the required standard. Work with buyer and suppliers for acceptable level in case of quality related issue.

\* **On time shipment management**: communicate closely with suppliers about projection/ T & A every season, make sure suppliers must save capacity for coming orders to keep on time delivery schedule.

\* **Risk management**: manage the risks associated with sourcing such as suppliers reliability, currency fluctuation, political stability, try to minimize significant impact on company's risk exposure.

\* **Supply chain management**: keep in touch and build a strong relationships with suppliers, negotiate favourable terms and ensure the timely delivery of materials

\* **Market intelligence**: stay up-to-date with the latest market trends, consumer reference and technological advancements. Be able to identify new and innovative materials and technologies to meet the evolving needs of the market.

\* **Sample management**: Based on technical specification, liaise with buyer and relevant teams for proto/fit sample, balance between design intent and actual factory ability to proceed a suitable sample which maximize both side's benefits.

\* **Inventory management**: Checking liability stock with suppliers/factories to ensure use up raw materials without wastes

HCMC, 4th june 2024

To: Human Resources Department,

Dear Sir/Madam,

I am so thrilled to know your recruitment for Senior Raw Material Technician which is quite suitable with my qualifications.

I gained 8 years experience as a Senior Merchandiser handling full processes (from development to bulk) for Sportswear/Casual wear/Sleepwear (both knit & woven items), working with US buyers.

I am willing to acquire new knowledge and culture at the workplace by a joyful attitude. As a detail-oriented individual with strong analytical skills, I am committed to accuracy and timeliness in all aspects of my work. I possess excellent communication skills, which I believe are essential for success in this position. Much appreciated if you could give me a chance to join your team.

Please kindly review my resume and feel free to contact me for an interview. Thank you for considering my application.

Best regards!

Vi Nguyen.
